Dear [Redacted]

STAT

The Director has referred your letter of June 1 to my Office for reply. At this time, we do not have a requirement for real estate such as that offered in your letter. When there is a real estate requirement, this Agency must adhere to Federal Property Management Regulations which state that all requirements be submitted to the General Services Administration (GSA). It would, therefore, appear more appropriate to apprise GSA of your offer so that all U.S. Government agencies will become aware of the offering.

Your interest and offer are appreciated.

Sincerely,

[Redacted]
